

Sinocera / Global Sensor Technology - Product Guide

Product Range

- Sensors for Acceleration, Velocity, Displacement, Force and Pressure
- Piezo, ICPE and Strain Gauge Amplifiers and Conditioners
- Vibration and Shock Meters
- Dynamic Data Acquisition Systems
- Data Acquisition, Modal Test and Signal Analysis Software
- Exciters, Shakers, Power Amplifiers and Calibrators

Sinocera Piezotronics Inc.

Sinocera Piezotronics Inc., founded in 1966, is the largest manufacturer in the People's Republic of China of piezoelectric sensors, signal conditioners, dynamic data acquisition systems, exciters, actuators and modal test and analysis software. Sinocera products are designed to meet all of your dynamic measurement needs.

Address: No.1, Yuqi Street, Yangzhou, P.R.China
